**CNO**

The DNV survey went well. We continue to show improvement in most areas and only one non-conformity from last year remained open- Restraints and this is related to documentation. We received one NC-1 and 3 NC-2's. We are in the process of finalizing our Corrective Action Plan (CAP). We will provide a full report at a future board meeting.

We are still negotiating AFSCME.

The new supervisor for ICU, Angela Thompson began last month, and we are already seeing positive changes.
